Founded in 2008, LNO, Inc. (LNO) is an SBA certified Service-Disabled Veteran-Owned Small Business, Native American-Owned business, and part of the Indian Incentive Program (IIP). LNO is providing the Information Technology (IT) and Command and Control (C2) solutions needed to prevail in today's new era of defense, intelligence, and digital government. From systems integration and managed network services to cybersecurity, engineering, logistics, and training, we deliver the IT solutions our federal customers use to improve communications and collaboration, secure the integrity of information systems and networks, enhance data collection and analysis, and increase efficiency and mission effectiveness.

LNO provides its Department of Defense (DoD) and Department of State (DoS) customers with IT Training; Cybersecurity, Information Assurance, and Information Management (IM); Network Modernization; Systems Engineering; New Equipment Fielding; Integrated Logistics Support (ILS); Technology Insertion/Assessments; Post Deployment Software Support; and Program/Project Management. Our team of professionals provide technical services to U.S. Army, foreign military, Coalition Partners, other services, and civilian personnel at multiple DoD sites within the Continental United States (CONUS) and outside CONUS.
